

PHAROAH SAYS: HELP ME HELP YOU

Do you remember that line from the movie "Jerry McGuire"? I'm here to reach out to you so that we can combine my passions for helping me and my furry compadres while helping you change your life. That's right, you CAN change your life and your future. AND, AT THE SAME TIME, YOU CAN CHANGE OUR LIVES.

You know, in here it's kind of rough because we can't just get out and go DO what we know we need to do to change our lives. We must rely on you humans to make it right for us. Nick and Julie and all of the great humans in our lives have really made a difference. A HUGE DIFFERENCE!!!! They work like dogs, (great animals if I must say) as do all of the wonderful volunteers. It's just not enough fast enough.

Did you hear that Julie was able to get a grant so that we can finally have some normalcy to our lives? Yup, we are going to be swimming in our very own watering hole.....hoepfully very soon. But, you know what? The grants are drying up because of the stress our economy faces. What will happen when we no longer have the money to keep this place rockin'?

So, here's a GREAT SOLUTION..... You CAN HELP ME HELP YOU.....It's easy!!

There's a great company out there just waiting for you to ask, "What do we do?" Nick and Julie have been given a gift of a membership to this great company and are working hard to make it pay off. And you know what's great about it? When they tell you about it, they get to make money for the Sanctuary. Yup, that's right.....all they do is show others how to help themselves and they make money doing it. ABSOLUTELY BRILLIANT!!!!

So, as another quote from the movie goes....."I am out here for you. You don't know what it's like to be ME out here for YOU. It is an up-at-dawn, pride-swallowing siege that I will never fully tell you about, ok?" LET'S GET GOING GUYS!!!

All you need to do is make an inquiring phone call, get some FREE information and ta-da you've helped us to get closer to actually creating our own stream of much need money to keep us alive and better our lives.

Won't you please HELP ME HELP YOU? Just pick up your phone, that's right do it now and call..... YOU WON'T BE DISAPPOINTED....Who knows? You may even want to help others help you.

Will You Adopt Us?

These two leopards came to live at Serenity Springs in August 2009. We were very fortunate to have rescued them. An exhibitor that traveled around the United States owned them. Their express purpose was to breed and produce cubs to be used for photo opportunities. They are still a little skittish in their new home, but are starting to stay out of their den. Just like our other cats, they are enjoying the days of sunlight and warmth we've had to bask in the sun. The female is a black leopard and the male is a spotted leopard. One of the additional "perks" of adopting either one of these leopards, is to name the one you've adopted. So please sponsor one of these beautiful animals. Now that they've found a safe home, they need names.
